Outstanding Performance, Exceptional Style

Key-Link is an affiliate company of Superior Plastic Products and a leading manufacturer of quality aluminum fencing and railing for both residential and commercial projects.

MODERN & CONTEMPORARY ALUMINUM

If you're dreaming of beautiful, stress-free outdoor living spaces, our low-maintenance aluminum railing, designed to provide long-lasting attractiveness and safety, is one way to make that outdoor dream a reality. With its wide variety of colors and styles, Key-Link's aluminum railing is appreciated by homeowners and builders alike.

All of Key-Link's railing is engineered to our exacting standards and fabricated and tested in the USA. Designed for easy installation, it's both lightweight and durable. Both top and bottom railings contain vinyl channels to help secure the balusters and prevent metal-on-metal rattling.

Powder Coating for Durability

Each piece of our aluminum rail is expertly coated with AAMA 2604 powder coating for resistance to sun, heat, and humidity. This powder coating is one of the most economical, longest-lasting, and color-durable finishes on the market today.

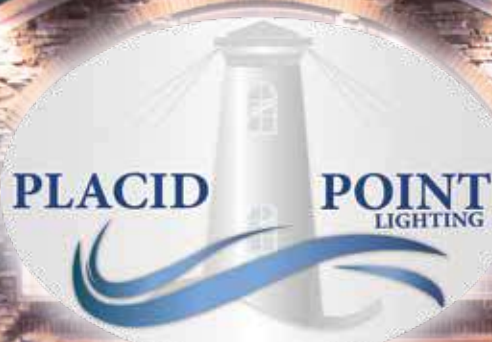

Benefits of AAMA 2604 Coating

- Resistant to chipping, fading, scratching, and wearing
- Increases the life of the product
- Protects from harsh elements
- Colors stay bright and vibrant
- No toxic compounds released during coating process

For architectural projects that require long-term cosmetic and functional protection, AAMA 2605 coating is available. This is a more expensive coating, but provides additional resistance to moisture and weathering.

OUTDOOR LED LIGHTING

Bring warm, inviting elegance to your outdoor space!

Placid Point Lighting offers lighting to illuminate your evenings and make your outdoor living area even more distinctive.

This high-performance “plug and play” lighting comes ready to install and is coated for protection against the elements for long-lasting dependability.

Visit PlacidPointLighting.com for additional information.

ARABIAN SERIES

with Hammered Bowed Balusters

Contoured and Modern

The slim-profile Arabian Series adds security and style to your space while you relax in the great outdoors. With nine infill options and the most standard colors of any of our rail, the Arabian Series is ready for your complete customization.

Baluster & Color Options: Page 14 & 15

ARABIAN SERIES

with Horizontal Cable Rail

AMERICAN SERIES

with Hammered Balusters

Smooth and Contemporary

The American Series, with its flat-top railing and contemporary profile, is ideal for any outdoor space. Key-Link offers ten infill options for this rail, plus plenty of color choices, so you can design a distinctive rail that suits your style.

Baluster & Color Options: Page 14 & 15

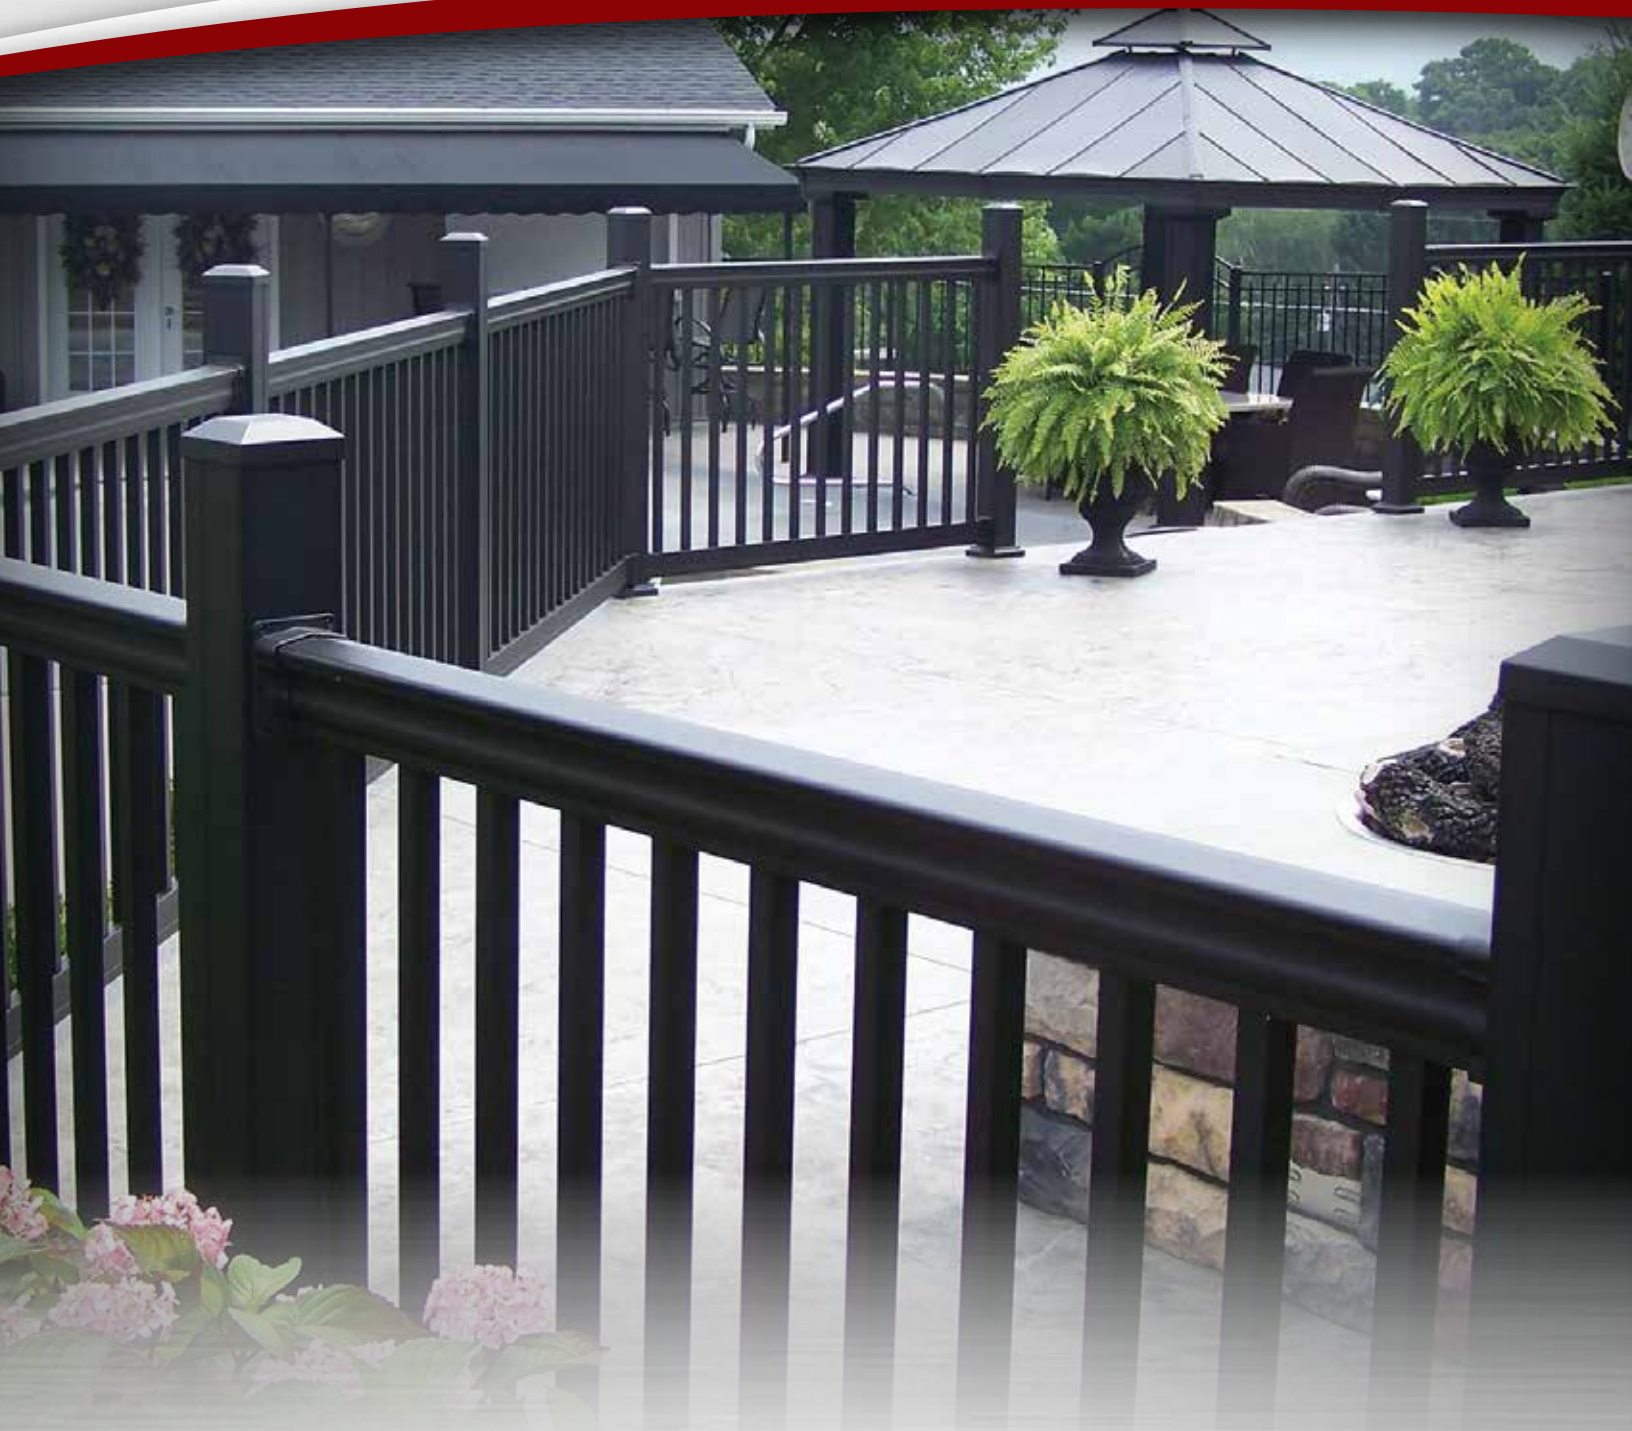

AMERICAN SERIES

with Vertical Cable Rail

LANCASTER SERIES

with Square Balusters

Prominent and Traditional

The stately Lancaster Series brings a warm, traditional feel to your outdoor living area. Choose from five balusters, three colors, and then welcome your friends and family to a safe, relaxed space that you've designed to your tastes.

Baluster & Color Options: Page 14 & 15

OUTLOOK SERIES

with Square Balusters

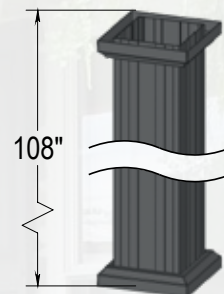

Sleek and Stylish

The affordable Outlook Series has an elegant style that will enhance any deck or porch. Performance, security, and style exist together in this railing option, available in six on-trend colors.

Baluster & Color Options: Page 14 & 15

PORCH POSTS & POST WRAP

6" ALUMINUM POST WRAP

4 pieces snap together after post installation.

Available in all colors and finishes.

COLORS

Gloss White

Textured White

Gloss Black

Textured Black

Gloss Bronze

Textured Bronze

Kona

3¼" & 4" Structural Porch Posts

Hollow Porch Posts Available

Classic and Long-Lasting

Get aluminum porch posts to coordinate with your rail, or choose post wrap to surround existing porch posts. Whether a full post or simply post wrap, your new aluminum posts will maintain their handsome look for years.

PLAIN

WITH RINGS

WITH BUTTERFLY CENTERPIECE

Charming and Distinctive

For additional rail character, select one of our third railing options. Balusters are routed through a middle railing for a three-rail design instead of two. Choose rings or butterfly centerpieces as a subtle way to bring an architectural design element to your railing.

SECONDARY HANDRAIL

Secure and Reliable

For those who have trouble walking or just prefer something to hold on to, our safe secondary handrail provides a continuous graspable surface for peace of mind. This rail installs easily, with no painting or welding required.
