Creating a place where memories are made

Pavilions

Beautiful and durable structures with a variety of sizes and colors available.

Beautiful and durable, these structures can be freestanding, built as an addition to your patio or as a porch. They enhance your outdoor space, add value to your property, create a perfect place to entertain guests or to relax and unwind. They can be used as an event center, wedding venue, or as a center piece for a college or city park.

The Foraker

A vinyl pavilion designed to create a maintenance free experience that will last a life time.

Standard items included for the Foraker

6" Post • 10" Beam wrapped with trim board • Board and Batton siding on gable end • 4 color options, Black, White, Almond and Clay

The Foraker

How many of you have a place where you can hang out with your friends and family?

We at Creekside Structures, believe it's important to build friendships with Family, Friends, Neighbors, and even Strangers. Which is why we are passionate about creating a place, with our structures, so you and your friends can make more memories.

The Antero

A Rough sawn timber frame pavilion creating a western statement wherever it is found.

Standard items included for the Antero

Rough Sawn Pine Lumber • Stained with 2 coats of sashco stain and clear coat. • 8" Posts • 12" Beams • Fasteners and hardware included in kit

The Antero
